Input the phone number or extension then press the Call key or **Send** soft key.

End a Call

Press the Call key or **End Call** soft key.

Answer a Call

Press the Call key or **Answer** soft key.

Mute

Press the Mute button to turn mute on or off during a call.

Hold

Press the **Hold** soft key to place a call on hold. Press the **Resume** soft key to resume the held call.

Advanced Call Handling

Announced Transfer

Announced transfers allow you to talk to the third party privately before transferring the call to them.

- Press **More** soft key
- Press **Trnsfer** soft key
- Input the destination extension or phone number
- Wait for the third party to answer while the first party waits on hold.
 - To complete the transfer, press **More** then press **Trnsfer**.
 - To cancel the transfer and go back to the first caller, press **Cancel** soft key.

Blind Transfer (Unannounced)

Blind transfers pass through the caller ID of the originating caller to the third party.

- Press **More** soft key
- Press **Trnsfer** soft key
- Press **Blind** soft key

Blind Transfer (Unannounced) Continued

- Input the destination extension or phone number
- Wait for call to complete or press **Send**

Transfer directly to an extension's voicemail box by dialing 7 plus the extension as the destination number.

Conference (Three Way) Call

After the first call is already on the line:

- Press **More** soft key
- Press **Confnc** soft key
- Input the destination extension or phone number
- **Wait** for the third party to answer while the first party waits on hold.
 - To complete the transfer, press **More** then press **Confnc**.
 - To cancel the transfer and go back to the first caller, press **Cancel** soft key.

Hangup a three way conference call transfers the other two parties to each other.
